October 2017

## STAY INFORMED.

### Penang Events

#### 4th October 2017

#### Mid Autumn Festival

The Mid-Autumn Festival is also known as the Moon Cake Festival. Families and friends will gather to admire the full moon while savoring moon cakes, Chinese tea and parading around with colorful and brightly lit lanterns.

Diwali, or Deepavali, is India's biggest and most important holiday of the year. The festival gets its name from the row (aval) of clay lamps (deepa) that Indians light outside their homes to symbolize the inner light that protects us from spiritual darkness. This festival is as important to Hindus as the Christmas holiday is to Christians.

#### 31st October 2017

#### Halloween

Halloween is celebrated by hosting costume parties, playing 'trick-or-treat', watching horror films, visiting haunted houses or carving lanterns out of pumpkins.

## Fun facts about Malaysia!

- The Petronas Towers in Kuala Lumpur, Malaysia, were the world's tallest buildings from 1998–2004. They are still regarded as the world's tallest "twin" buildings.
- Some buildings in Malaysia do not have the number 4, instead they are replaced by the number "3A" or "13A" or "23A" as the sound of four (si) is similar to the sound of death in Chinese (si).
- In Malaysia, it is generally considered rude to point at people or things with the index finger. A bent index finger or thumb is used to point – or rather to knuckle in the right direction.
